Waterproofs	Second Clothes	Accessory

I LIke cLOthing because it expresses MYself LIKE FEELing at that TIME, characteristic of a person, and so on. I don't LIKE RAIN. When it RAINS, I don't wear WHIte cLOthes or MY FAvorite cLOthes. Also, I don't wear denim cLOthes. Instead, I have to wear WAterproofs such as quick-DRYing cLOthes and thin maTErial cLOthing.

I LIke new cLOthes better than secondhand cLOthes. I still want to TRY secondhand cLOthes and so I want to GO to Shimokitazawa. I'm GOing to GO there with my FRIEND from my old elementary SCHOOL and junior HIGH SCHOOL. We still remain close. She is very FASHIONABLE. I'm really LOOKing forward to GOing to Shimokitazawa with her. I want to BUY seCONdhand CLOTHES. For that reason, I WORK hard at my part-TIME job to earn MONEY.

These DAYS, I'm into TWO KINDS of CLOTHING. First, I like simple outfits. I usually wear black and WHITE and then add a second COLORED fashionable ITEMS as an accessory. I like adding colors to white outfits. Especially GREEN as it is my MY FAVORITE color. I have a GREEN knitwear and a cardigan. The other colors I have are ORANGE, red, and BLUE. Also, I someTIMES wear skirts. I used to wear ONLY pants. But I noticed the cuteness of skirts. I have six skirts and I FIVE dresses. They are ALL CUTE. NOW I want get some tops for summer. So, I want to GO shopping. But I don't have the opportunity now. If I have much TIME, I want to GO shopping to BUY cLOthes.
