

# Juice WRLD & Marshmello - Come & Go

I try to be \_\_\_\_\_ that I can  
But sometimes, I come out as bein' nothin'  
I try to be everything that I can \_\_\_\_\_  
But sometimes, I come out as bein' nothin'  
I pray to God that He make me a better man (Uh)  
Maybe one day, I'ma stand for somethin'  
I'm thankin' God that He \_\_\_\_\_ you part of the plan  
I guess I ain't go through all that \_\_\_\_\_ for nothin'  
I'm always f###in' up and wreckin' ###  
It seems like I perfected it  
I offer you my love  
I hope you take it like some \_\_\_\_\_  
Tell me ain't nobody better than me  
I think that there's better than me  
Hope you see the better in me  
Always end up betterin' me

[Chorus]

I don't wanna ruin this one, This type of love don't always come and go x 5

[Post-Chorus]

I don't wanna ruin this one, This type of love don't always come and go x 2

[Verse 2]

We take drugs, then you \_\_\_\_\_ me close  
Then I tell you how you make me whole  
Sometimes, I feel you like bein' \_\_\_\_\_  
Then you tell me that I shoulda stayed in the room  
Guess I got it all wrong all along, my fault  
My mistakes probably \_\_\_\_\_ all the rights I've done  
Sayin' goodbye to bygones, those are bygones  
\_\_\_\_\_, baby, stay strong, we gon' live long

[Chorus]

[Post-Chorus]
