# Lil Wayne

Lil Wayne's real name is Dwayne Michael Carter Jr.

He is an American rapper, singer and songwriter.

His genre is hip hop and regarded as one of the most influential hip hop.

# His history...

He has lot of stories; not all stories are fun.

On July 22, 2007, he was arrested because he was discovered smoking marijuana near the bus.

In 2010, “I Am Not A Human Being” was released while he was in jail.

It became No.1 album in America.

# Lyric Breakdown

[Refrain]

I'm gon' need therapy

'Cause you're not here with me

Light me up like amphetamines, yeah

I don't do guarantees

[Pre-Chorus]

I, I, I-I

Wish I could lie

[Chorus]

You got me fallin' thinkin' of you

But that's the one thing I shouldn't do

I, I know the truth

I, I know that you're just one more thing to lose

# Lyric Breakdown

[Verse 1: Lil Wayne]

Uh, she loves me, she loves me not, patience, I'm runnin' out

Walkin' all over me, made me her stompin' grounds

Baby, you f\*\*\*\*d around, gave me the run-around

Makin' me wonder how crazy and dumb I sound

Takin' me up and down, baby, I'm comin' down

I'ma need some extermination, I'm buggin' out

Stay for another round, maybe she'll come around

She gon' have me turnin' in my grave when I'm underground

Sore loser, I saw you with him, I almost threw up

Don't shoot her, don't talk to her

There's plenty fish in the sea and I'm a shark, just

like Mark Cuban

You got me fallin' for you

With no wings on, no parachute

Bring a star back for you

They say love's a lost art

I draw that for you and I fall back for you

# Lyric Breakdown

[Verse 2: KSI]

I be **actin'** odd, I know, I know

When I stare at you, I lose control

And I'm **hopin'** you're not psychic

Hotter than the devil but you're righteous

I'm addicted to the whole of you

Calling '**cause** I needed more

Stalling '**cause** you know I fall

My whole demeanour and all, the fact of me **losin'** you

**Comparin'** and stuck in a loop

Grow old '**til** there's **nothin'** to do

I'm alone in this space and my story is **endin'** with you

Thank you so much
