DON'T STOP ME NOW  
(OFFICIAL LYRIC VIDEO)

# Lyrics Breakdown and Facts !

[Verse 1]

I'm a shooting star leaping through the sky

Tigers have been recorded to jump as high as 15-16 feet

Like a tiger defying the laws of gravity

I'm a racing car passing by like Lady

Godiva

Lady Godiva is an English noblewoman known for riding a horse through the streets of Coventry stark naked

I'm gonna go go go there's no stopping me

# Lyrics Breakdown !

[Pre-Chorus]

I'm burning through the sky yeah

200 degrees that's why they call me Mr. Fahrenheit

Freddie Mercury moves so fast and hot that he's like a shooting star. 200 hundred degrees is pretty hot and Fahrenheit can also be taken as a joke, because of its pronunciation of "heit" as "height", referring to the measurement of two hundred degrees.

I'm travelling at the speed of light

I wanna make a supersonic man out of you

Freddie is a player and he cannot be held down, He is "traveling at the speed of light" and if you are with him, you will end up traveling at a fraction of his speed (supersonic). This is a reference to the fact that he was bisexual.

# Lyrics Breakdown !

[Chorus]

(Don't stop me now)

I'm having such a good time

I'm having a ball

(Don't stop me now)

If you wanna have a good time

Just give me a call

(Don't stop me now)

'Cause I'm having a good time

(Don't stop me now)

Yes, I'm having a good time

I don't wanna stop at all, yeah

At the time Freddie Mercury the lead singer of Queen was in his prime. They were releasing several hit songs, his only request then was that it would never, ever stop.

# Lyrics Breakdown !

[Verse 2]

I'm a rocket ship on my way to Mars  
on a collision course

I am a satellite, I'm out of control

At the time, he was just going higher and higher. But, everything has to come to an end, or in this case a 'collision course' which would later see Freddie Mercury being diagnosed of HIV/AIDS.

I'm a sex machine ready to reload like  
an atom bomb  
About to oh, oh, oh, oh, oh, explode

Mercury is using the explosion of an atom bomb as a euphemism for male ejaculation.
